
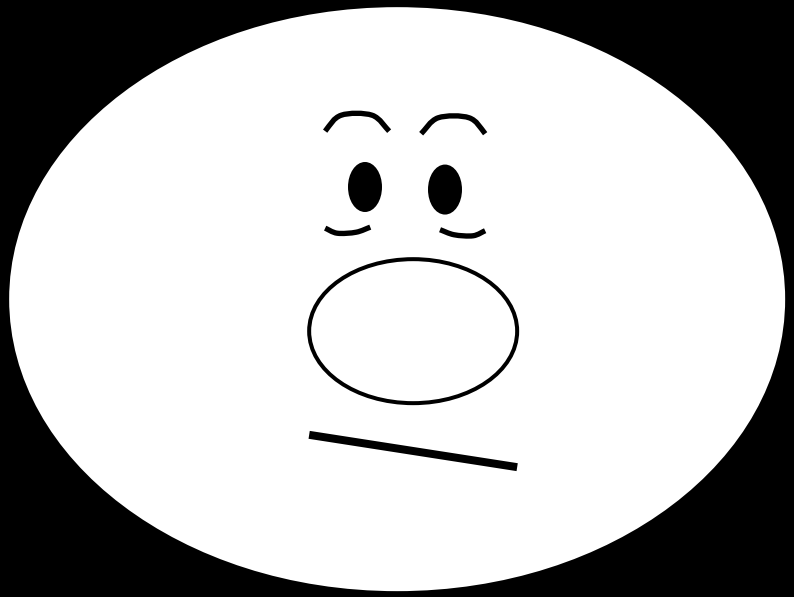
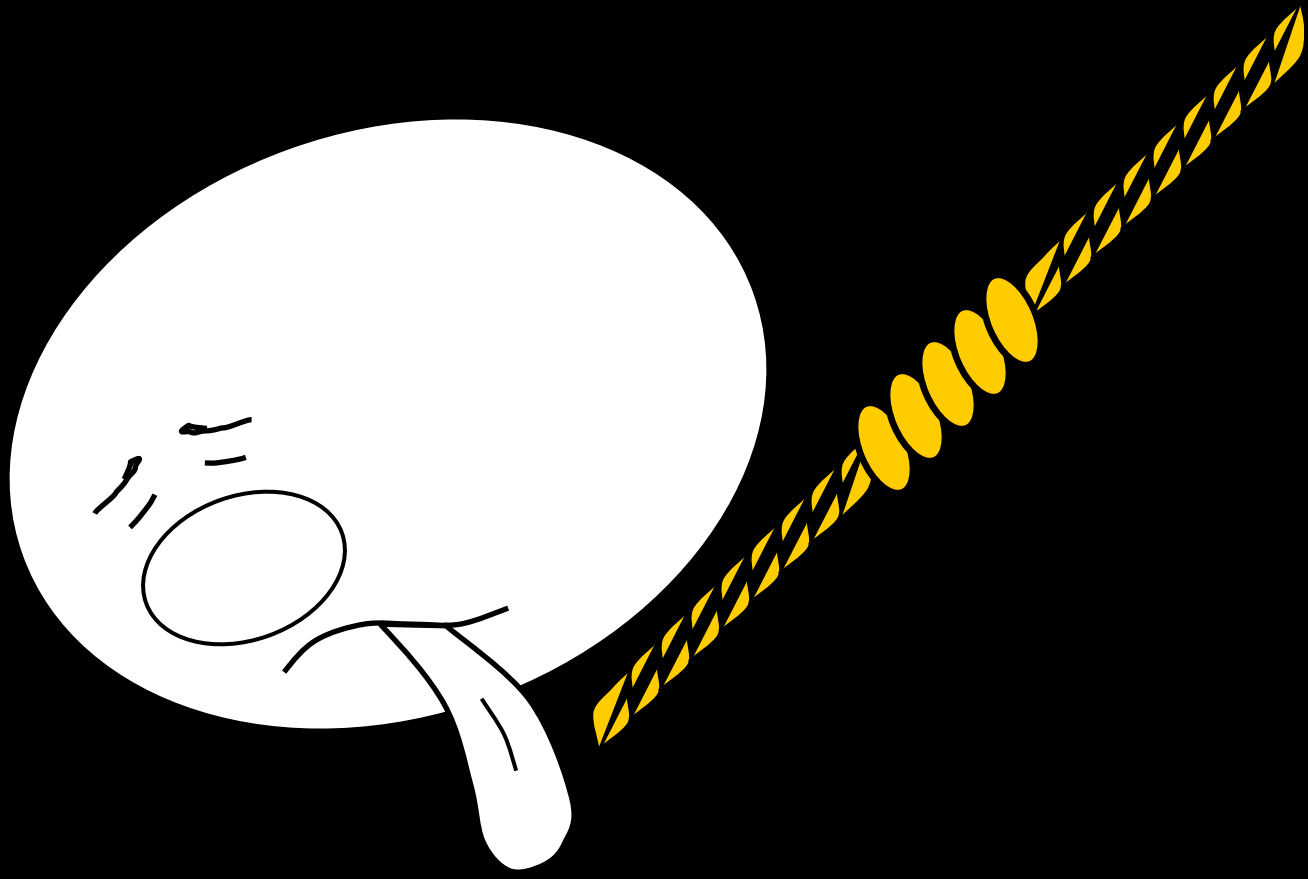
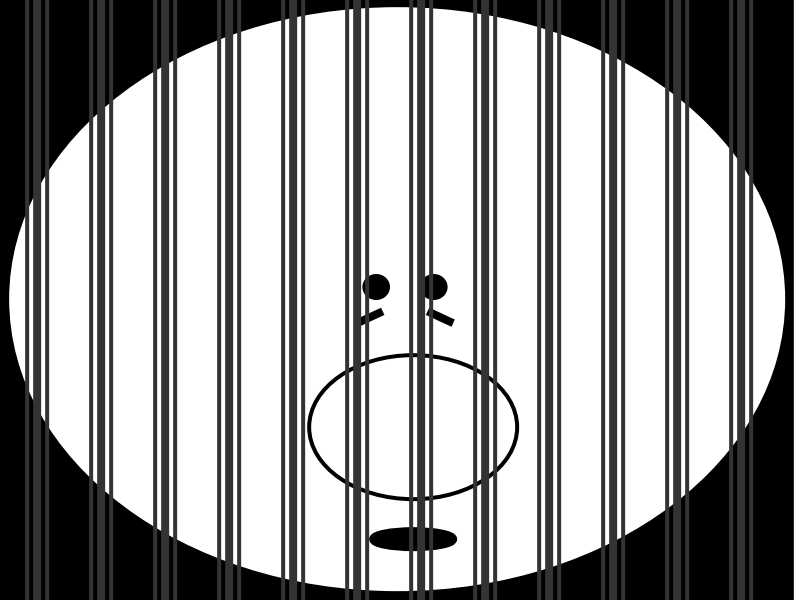
At times …



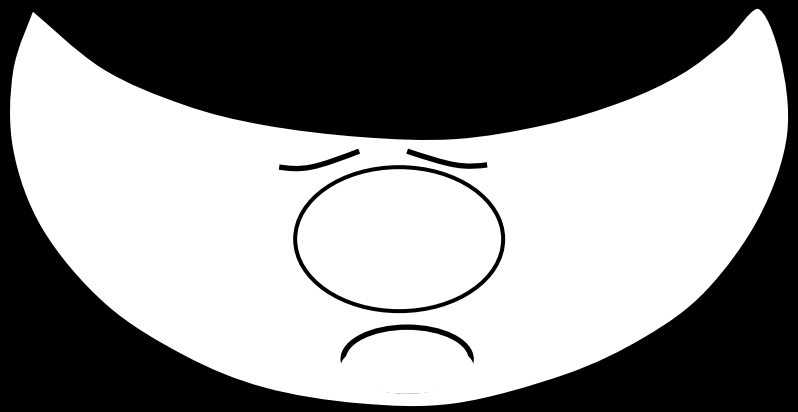
... When you feel...



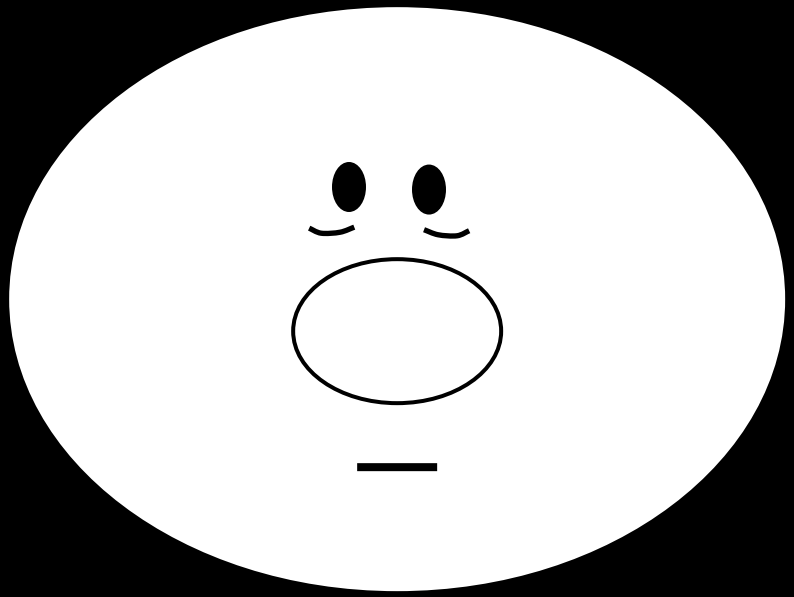
... At the end of your rope ...



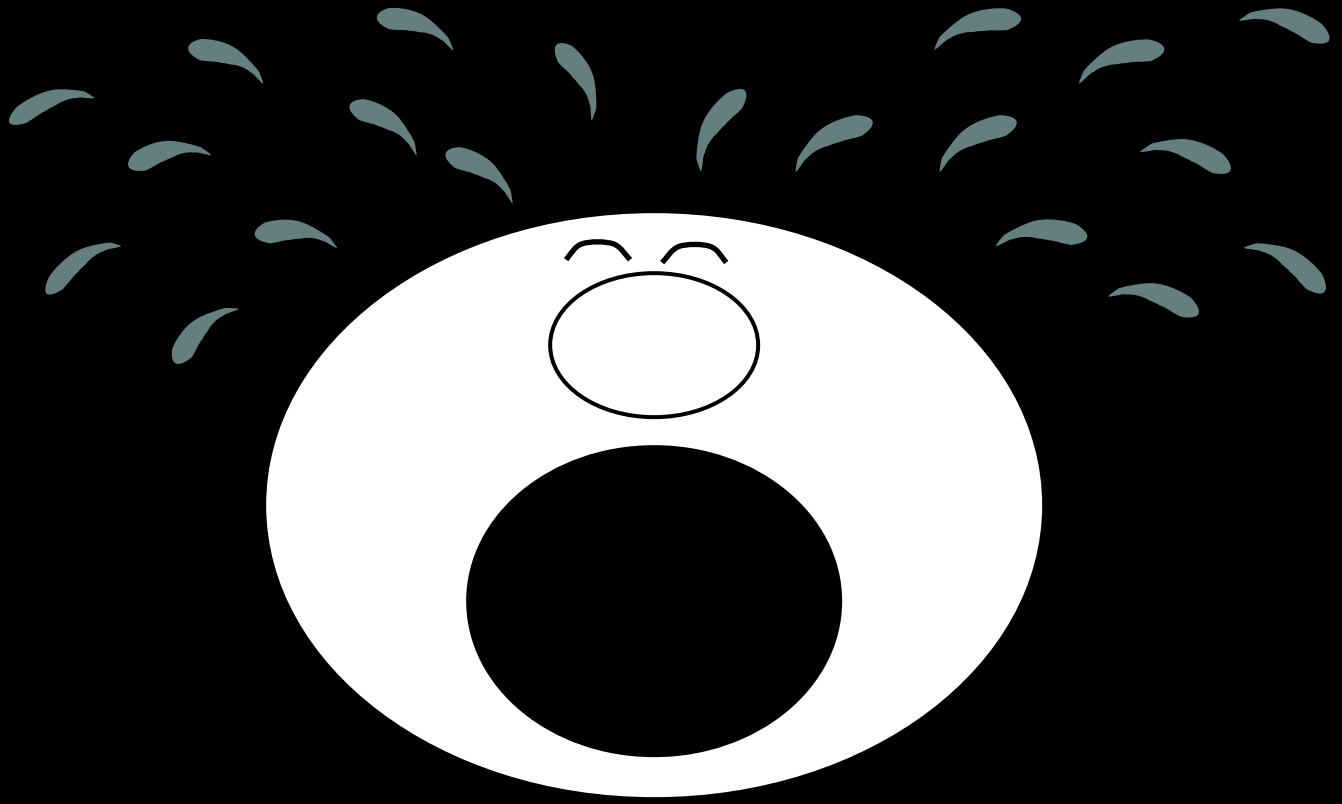
... Trapped ...



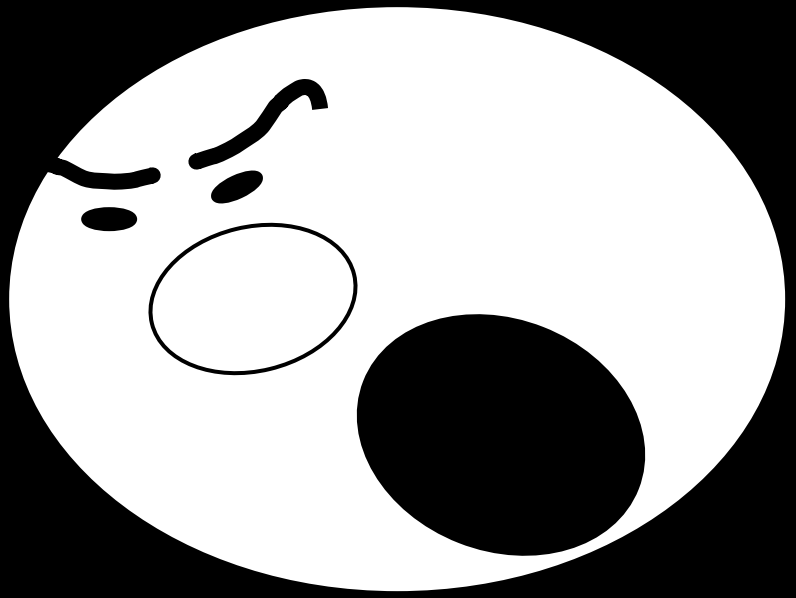
... And depressed ...



What should you do?

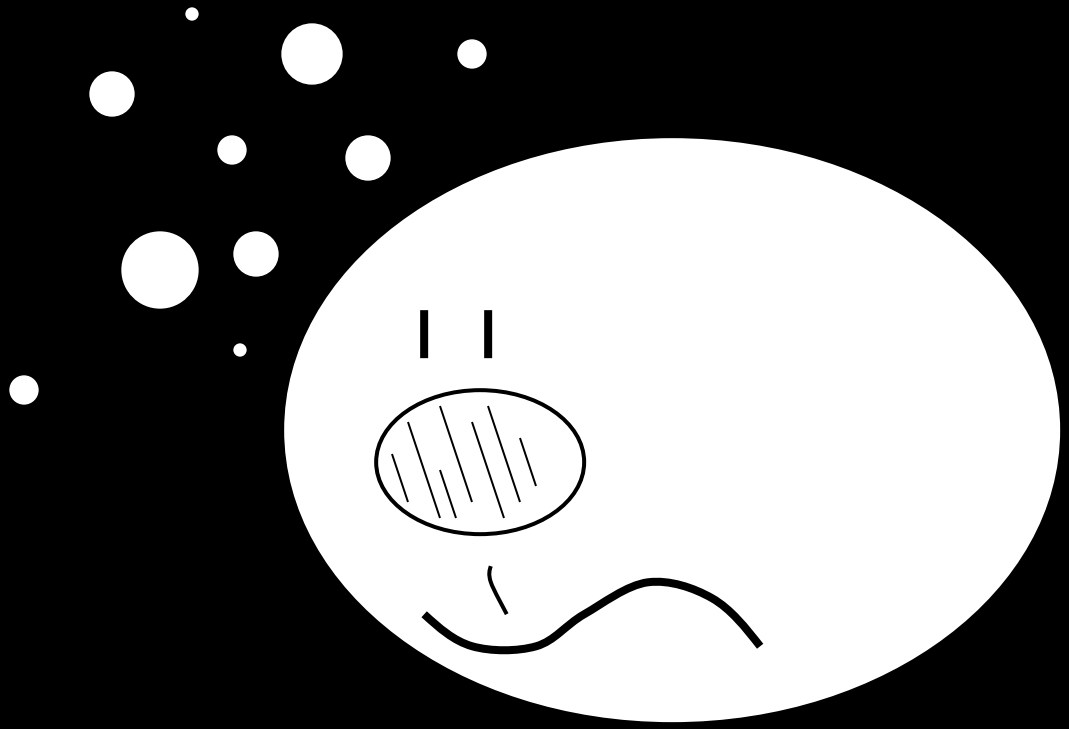


Cry in despair?

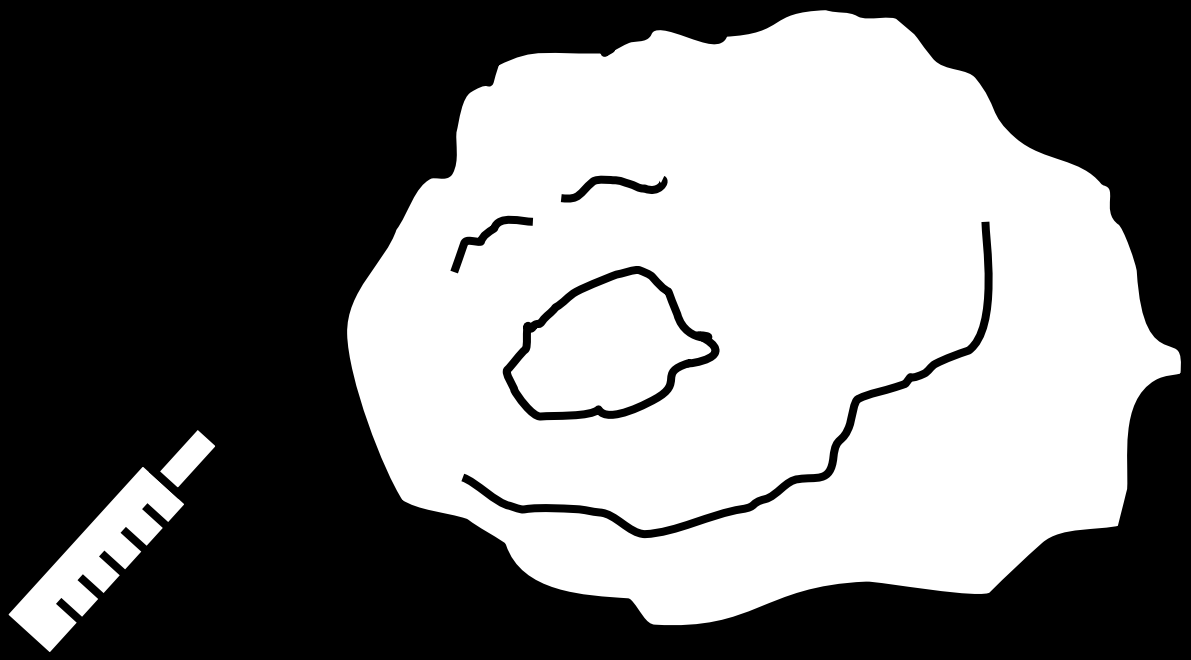


Get angry?...

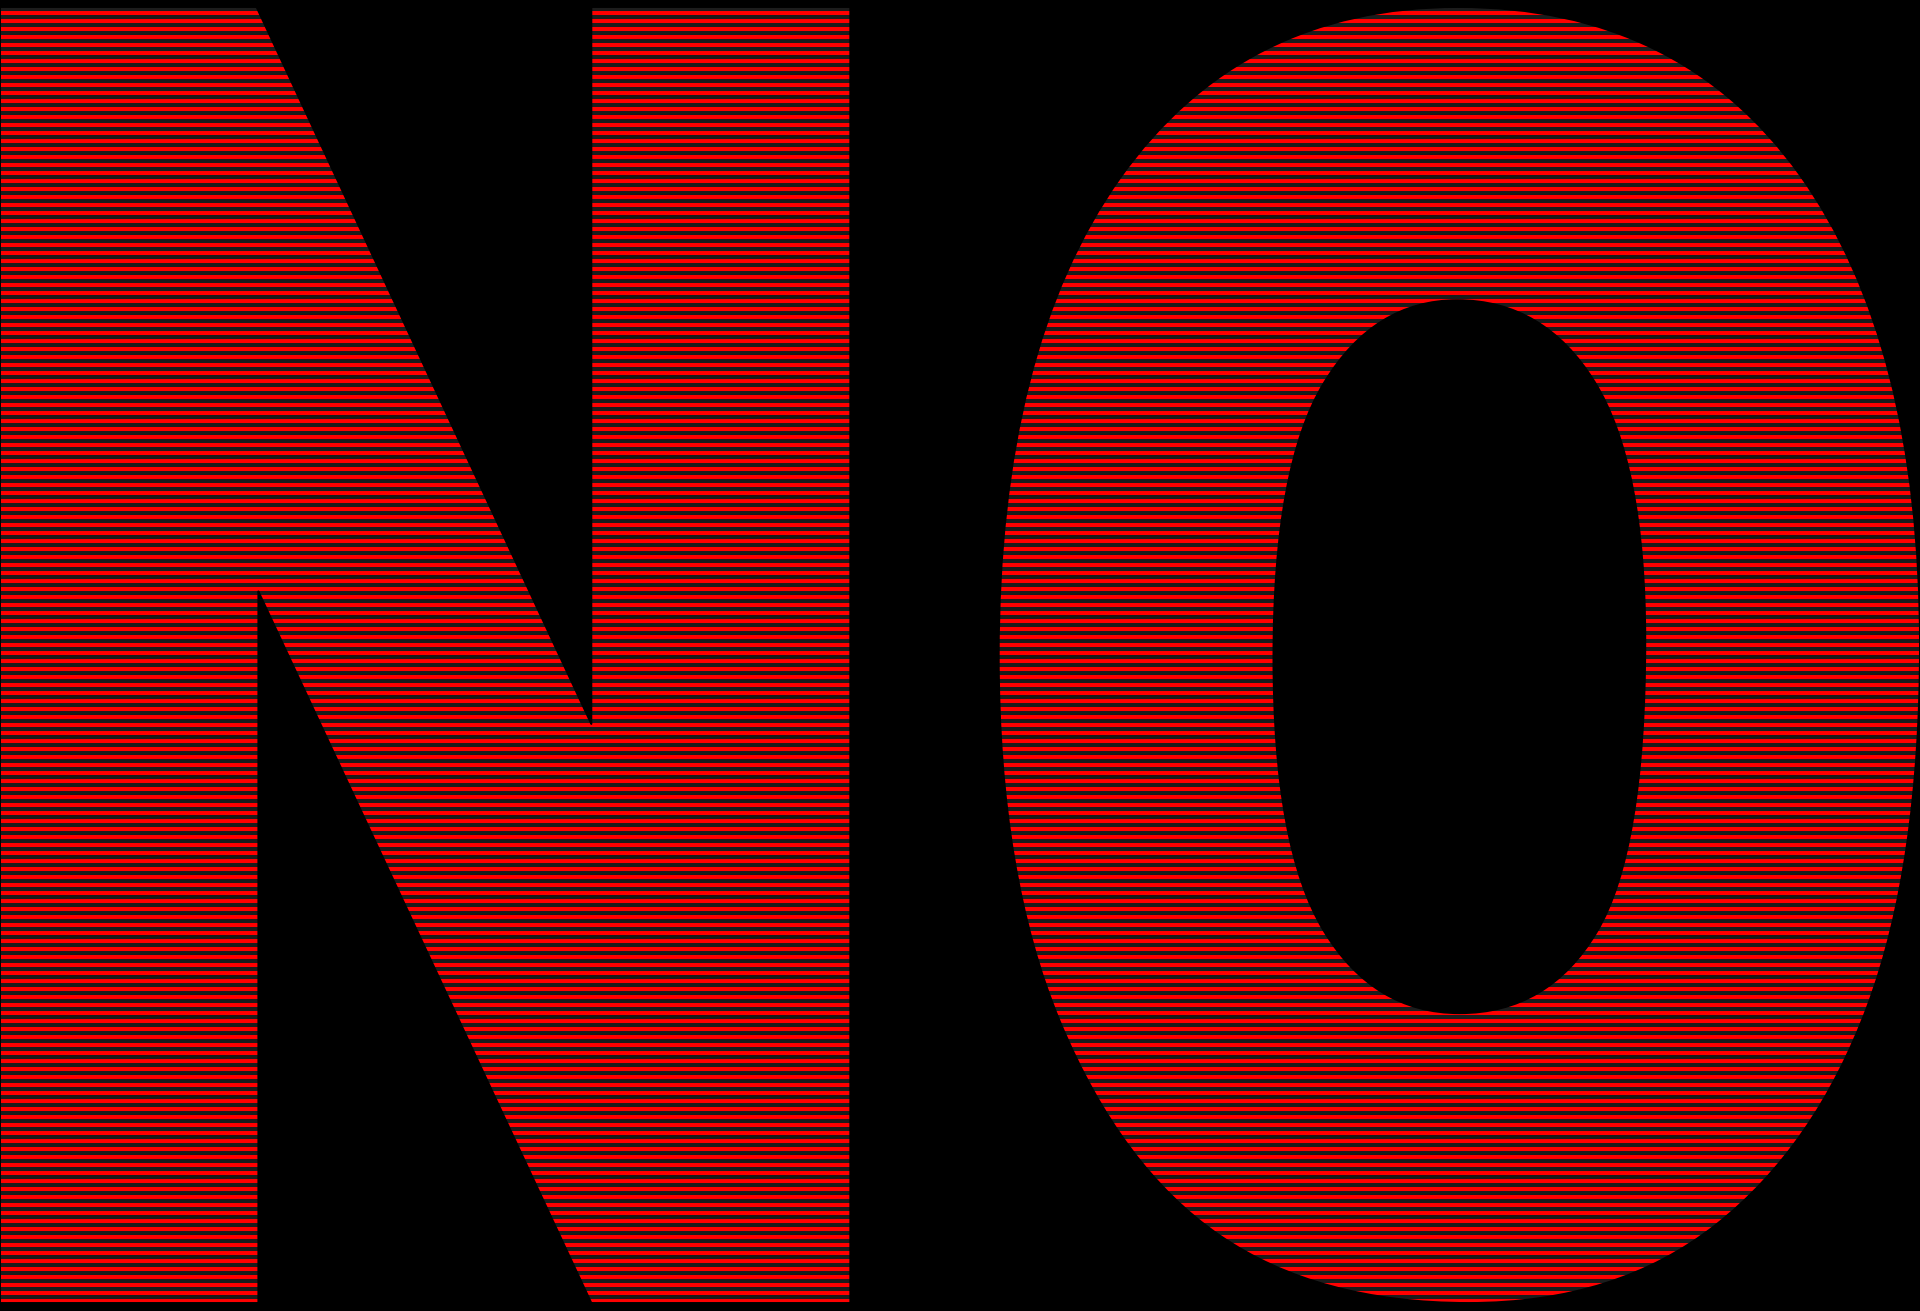
Turn into a monster?



Get drunk?

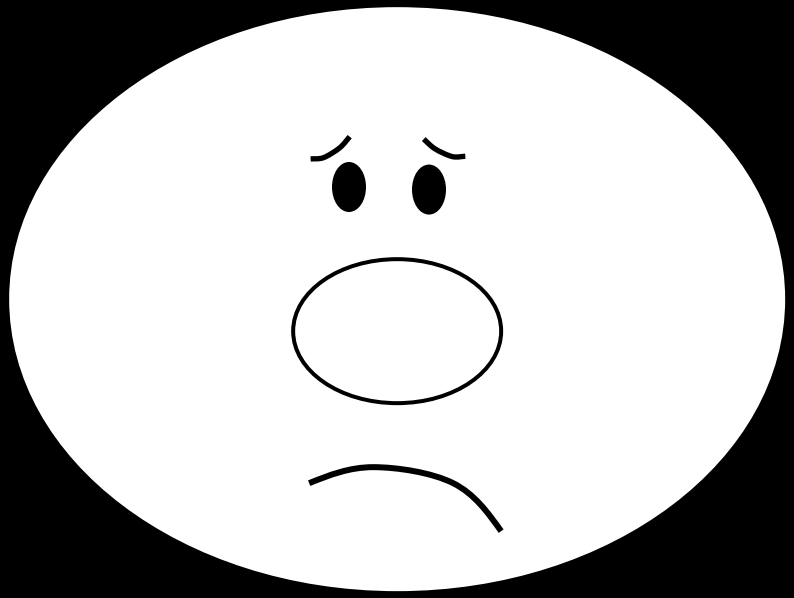


Take drugs?

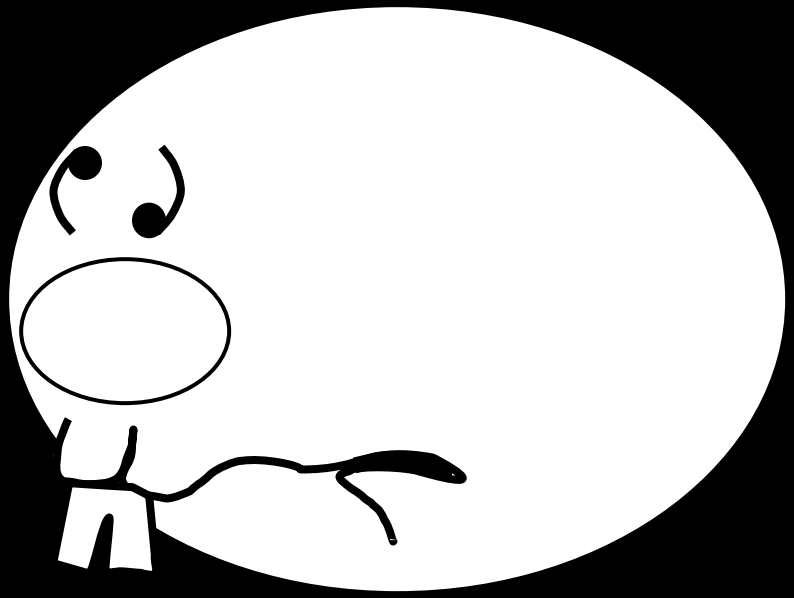


No

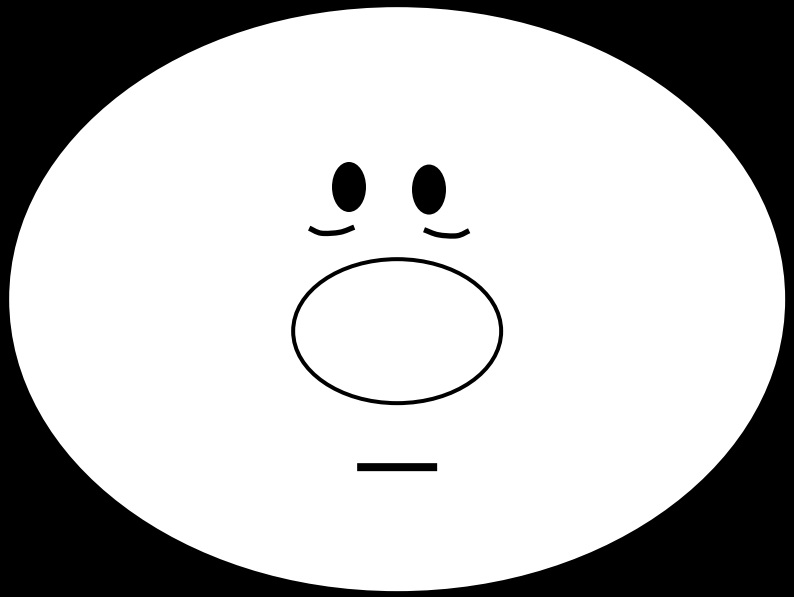
Even if you feel...



... Very sad ...

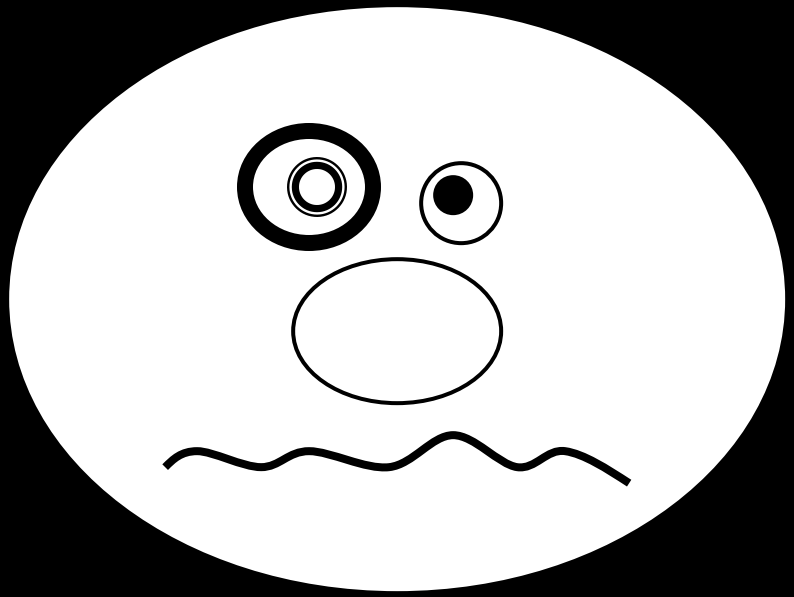


... Like a fool ...



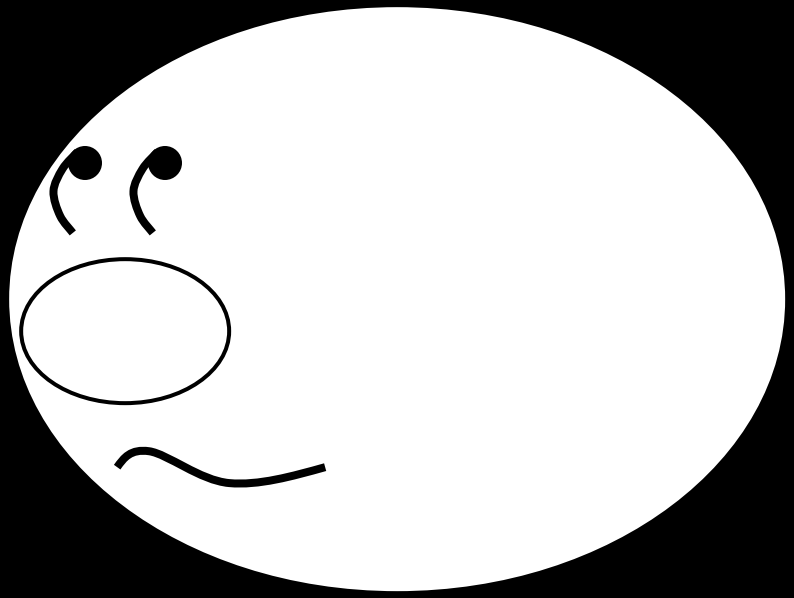
... Lonely...

... Guilty ...

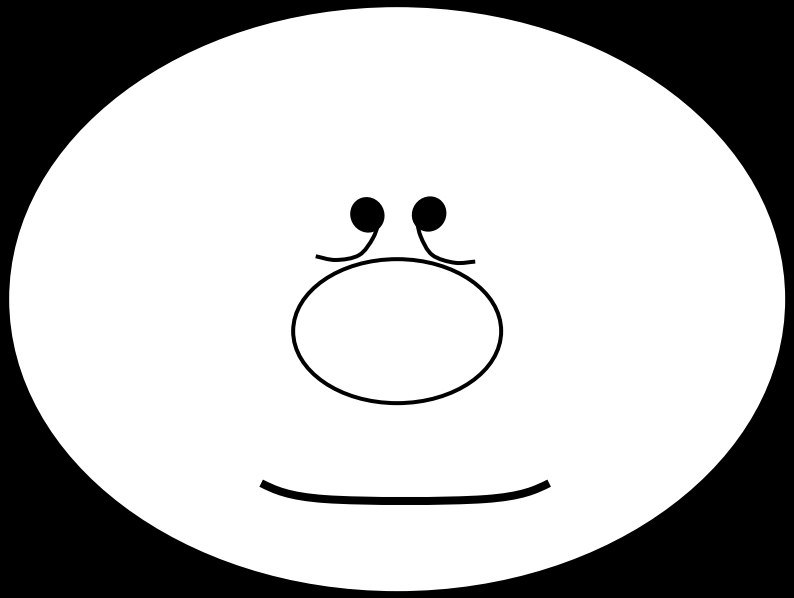


... Afraid ...

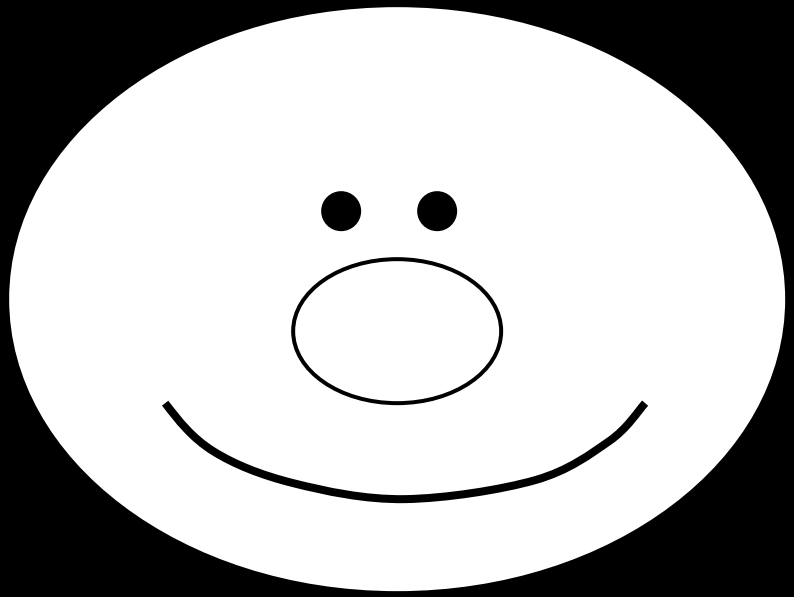
… And inferior …



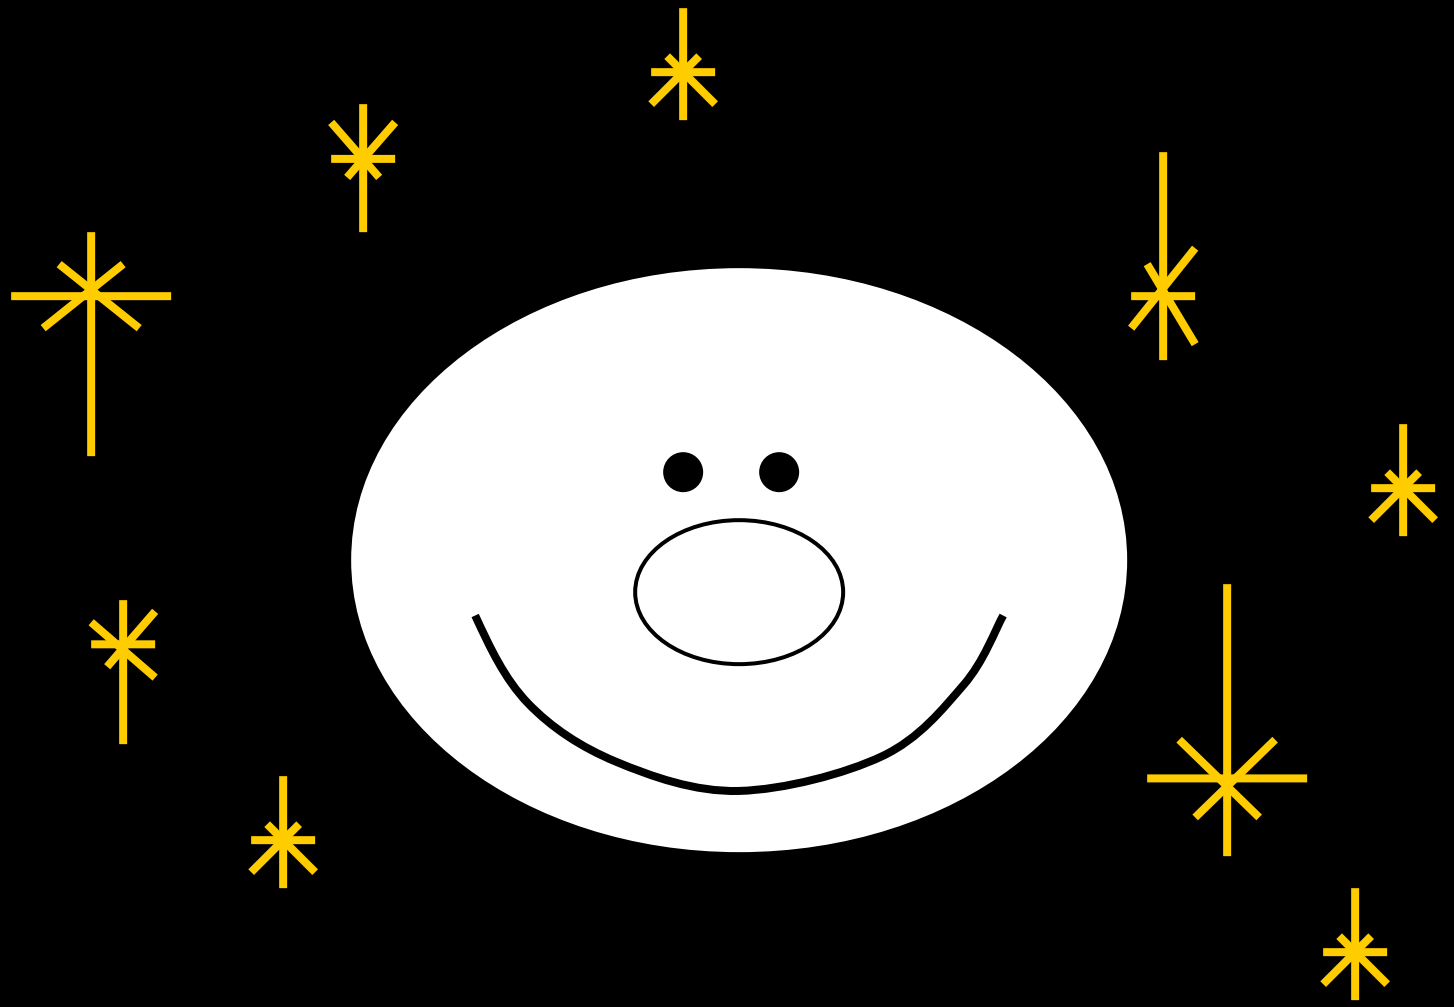
Remember …



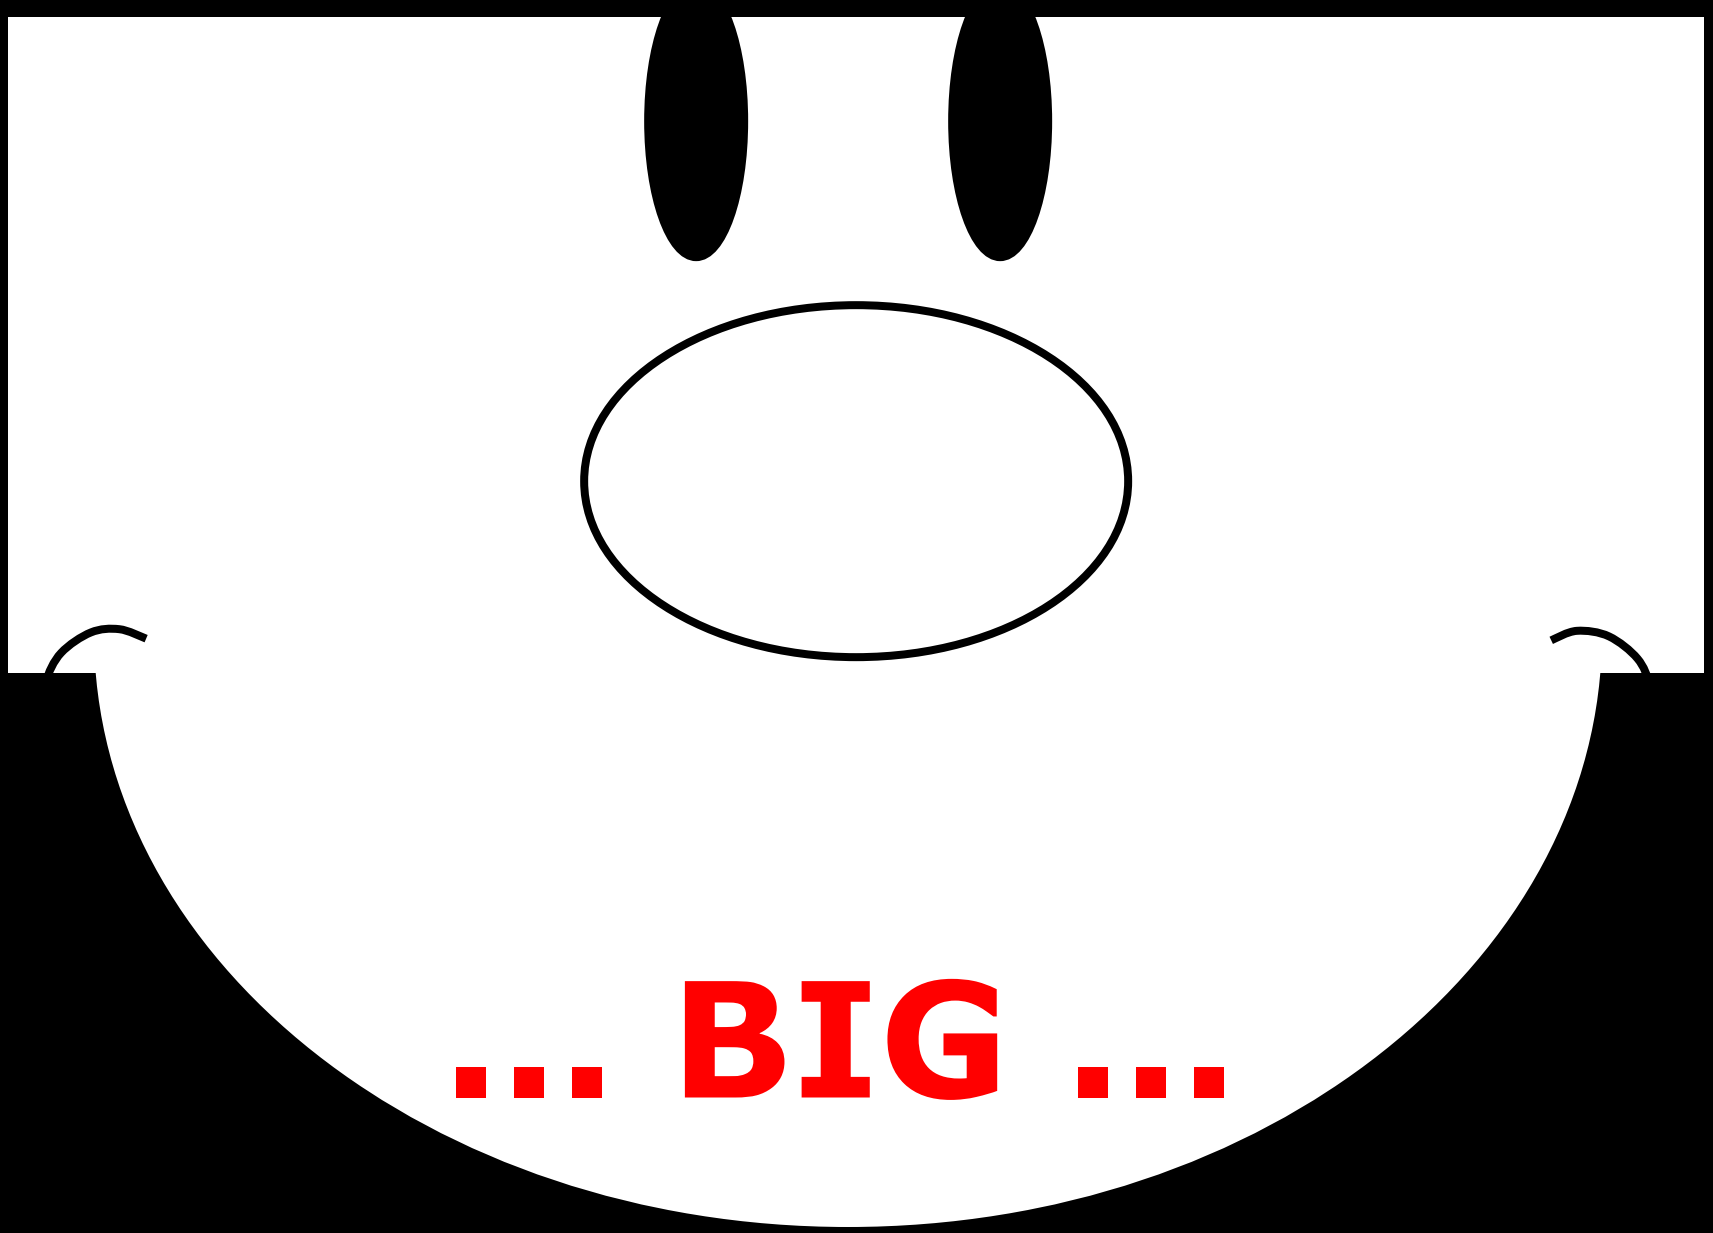
... That there is **SOMEONE** ...



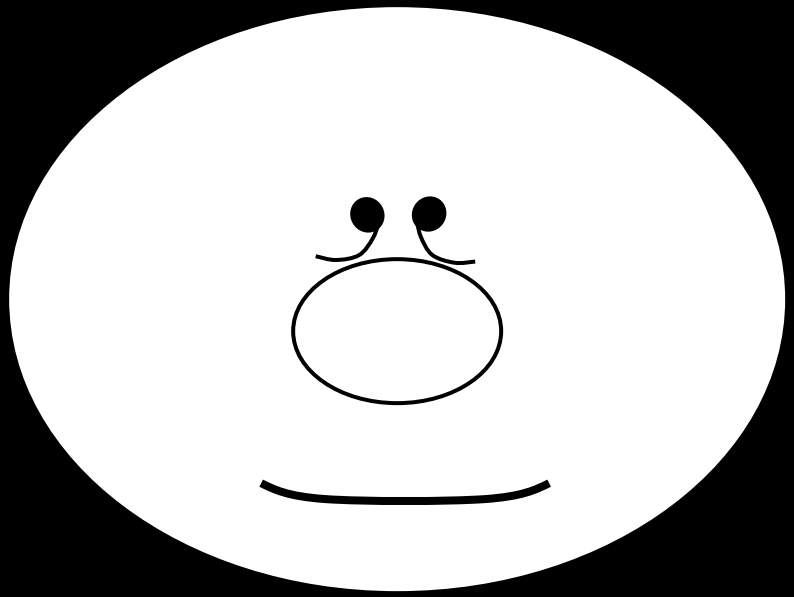
... That really cares about you ...



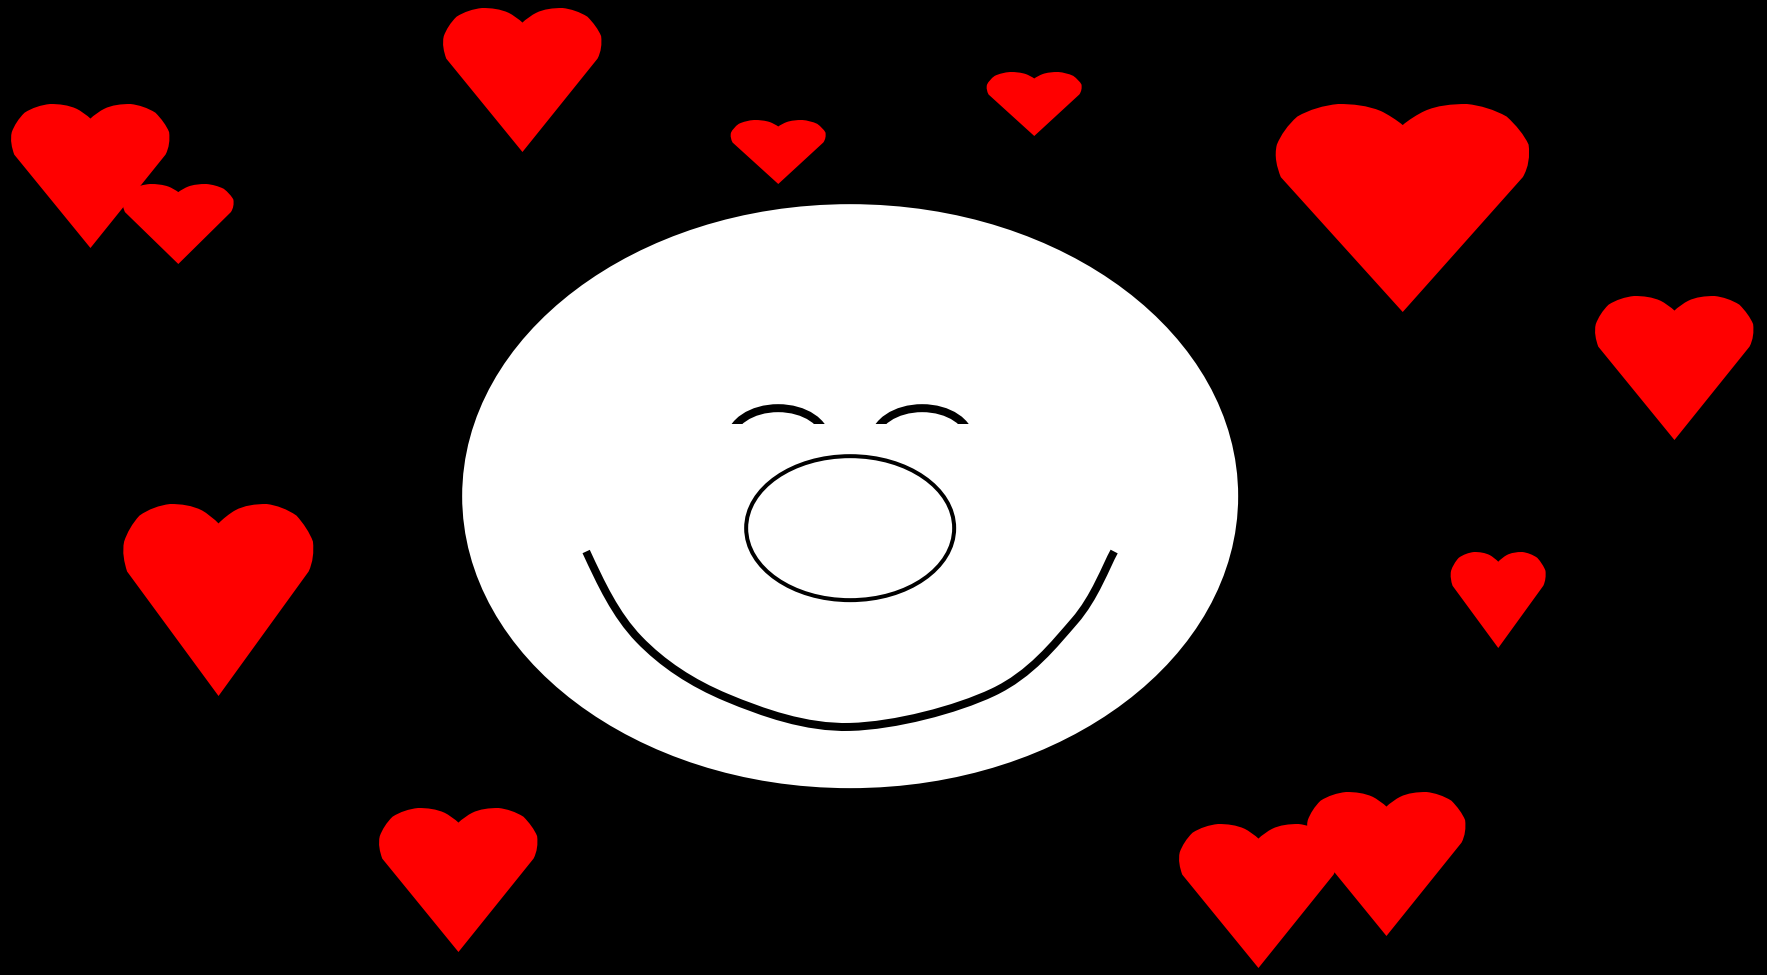
... He thinks you are brilliant ...



... BIG ...



... Very special ...



And He loves you!

He is ...

هو
